- Managing a child who is bleeding and suffering from shock.
 - Managing a child who is suffering from anaphylactic shock.
 - Managing a child who has had an electric shock.
 - Managing a child who has burns or scalds.
 - Managing a child who has a suspected fracture.
 - Managing a child with a head, neck or back injury.
 - Managing a child who is suspected of being poisoned.
 - Managing a child with a foreign body in eyes, ears or nose.
 - Managing a child with an eye injury.
 - Managing a child with a bite or sting.
 - Managing a child who is suffering from the effects of extreme heat or cold.
 - Managing a child having a diabetic emergency, asthma attack, allergic reaction, meningitis or febrile convulsion.
 - Understand the role and responsibilities of the Paediatric First Aider, including appropriate contents of a first aid box and the need for recording accidents and incidents.
- Our PFA training courses are delivered by an appropriately qualified and experienced PFA training instructor. All of our trainers are experts in their fields; from the medical profession, the fire services and the childcare industry.
 - Surrey First Aid Training comprises of over 20 professionally qualified and highly experienced trainers and assessors from medical and emergency backgrounds including paramedics, nurses, army medics and fire service personnel.
 - Our Paediatric First Aid trainers all hold the required teaching qualification, insurance and DSB check which is required at the time of recruitment.
 - All of our trainers are able to competently assess a student's understanding of theory and practical techniques. Our trainers require delegates to demonstrate the practical techniques using a mannequin to ensure the correct first aid techniques required to their satisfaction. The trainer's assessment will result in a clear 'Pass' or 'Fail'.
 - Surrey First Aid Training is an independent training organisation, and also delivers OFQUAL regulated First Aid courses.
 - Over the past 20 years we have trained thousands of people in first aid and health and safety training, and we have gathered a wide range of customer testimonials.
